DETAILED ACTION

Priority

1. Receipt is acknowledged of papers submitted under 35 U.S.C. 119(a)-(d), which papers have been placed of record in the file.

Information Disclosure Statement

2. The information disclosure statement filed 01-15-04 has been considered.

Allowable Subject Matter

3. Claims 1-15 are allowed.
4. The following is an examiner's statement of reasons for allowance: The prior art of record fails to teach or suggest a semiconductor memory device comprising: a reference cell storing a reference level used when reading a data level stored in memory cells; a counter circuit counting number of times of reading of the reference cell; and check means for determining whether the reference level stored in said reference cell is within a preset range when the number of times of reading that is counted by the counter circuit reaches a specified value.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Conclusion

5. The prior art made of record and not relied upon is considered pertinent to applicant's disclosure. The references cited in the PTO-892 disclose reference cells

used in reading data from memory cells, wherein the reference cells are adjusted according to changes in temperature or leakage current.
